WHO ARE WE?
The Office of Assessment works with faculty and staff across the College to help them explore student learning and success in their courses, departments, programs, and offices.

WHAT IS ASSESSMENT?
Assessment is the process of exploring student learning and success that unfolds through a four-stage cycle:

1. Identify Outcomes
2. Map to Assessments
3. Assess Data
4. Use Findings Close Loop

WHY IS ASSESSMENT IMPORTANT?
Assessment helps you get better answers about why your students are doing well (or not so well) so you can do something about it.
